

The 'ALL About Me'

Grade 2-3 Scavenger Hunt

Dear Parent/Guardian,

The *All About Me (AAM)* online portfolio is a HCDSB Sanctioned program. The purpose of the program is to help students better understand themselves as learners and people. As students develop and change, their interests, goals, opinions, and strengths also change. The AAM planner will help students to track these changes and will be used as a tool to help students make informed decisions about their life, education and career choices. We will be using the planner through the school year.

I encourage you to take part in engaging students in this process.

In order to help you and your child learn how to use the online planner, I have created a scavenger hunt. Please take a few minutes with your child and complete the tasks below. **Once you have completed the scavenger hunt, please sign and return this sheet to your child's teacher.**

Thanking you in advance for your support,
